- Education First — We Teach You to Continue Healing at Home

What Our Clients Say

← "Madam Eunice is so patient with my son. For the first time he sat without support at 9 months! God bless UNI-SAMZ."_ — Ama T., Accra

Clients Reviews →

Welcome to the UNI-SAMZ family.

UNI-SAMZ Physiotherapy was born from one simple belief: Physiotherapy should be professional AND full of heart.

Our Mission

To provide world-class, evidence-based, and compassionate physiotherapy that restores function, empowers families, and brings hope — especially to children and new mothers.

Our Values

Compassion: We see the child, not just the condition. We see the mama, not just the patient.
Excellence: We stay updated with latest research to give you the best.
Empowerment: We teach you exercises and knowledge to continue care at home.
Integrity: Honest assessment, no false promises.

My name is Eunice Aba Aidoo Sam, a licensed physiotherapist based in Accra, Ghana, with special interest in Paediatric Physiotherapy and Women's Health. After working with many families, I realized parents needed more than just treatment — they needed education, hope, and someone who truly listens.

Founded by Eunice Aba Aidoo Sam
Physiotherapist, Mother, Advocate.

Whether it's helping a child with Gower's sign stay mobile for longer, correcting a teenager's scoliosis posture, or helping a new mama breathe through postpartum anxiety — we are here for you.

Our Services at UNI-SAMZ Physiotherapy

We offer specialized physiotherapy services tailored to your needs, in clinic and at home.

Paediatric Physiotherapy (0-18 years)

For babies and children with developmental delays, neurodevelopmental conditions, and musculoskeletal problems.

Neurodevelopmental milestone delay (0-12 months screening)
Cerebral Palsy, Duchenne Muscular Dystrophy (DMD)
Spinal deformities: Scoliosis, Kyphosis, Lordosis assessment & PSSE exercises
Gait abnormalities, flat feet, torticollis, Erb's palsy
What to expect: Play-based therapy, parent coaching, home program, milestone tracking.

Women's Health & Postnatal Wellness

Supporting women through pregnancy, postpartum recovery, and beyond.

- Postpartum depression & anxiety — movement & breathing support
- Diastasis recti, pelvic girdle pain, back pain in pregnancy
- Pelvic floor rehabilitation, incontinence
- Return to exercise after birth

What to expect: Gentle, private sessions that heal both body and mind

Neurological Rehabilitation

Supporting women through pregnancy, postpartum recovery, and beyond.

- For adults recovering from stroke, Parkinson's, and nerve injuries. We focus on restoring independence in walking, balance, and daily activities.

Musculoskeletal & Posture Clinic

For back pain, neck pain, arthritis, scoliosis posture correction, and sports injuries. We combine manual therapy, exercise, and ergonomic advice.
